Dear Rabbi Scheiman,

I just want to thank you again, for the wonderful Chanukah party. It was such a blessing to be able to light candles and observe the joyous holiday, while basking in the light of the mitzvah. It really meant a lot to me. Again, thank you!

I'm so glad I have resumed the observances of the Torah and living as a Jew again!

I truly love Judaism. Someday when you have time, I'd like to sit down with you and tell you about how I came to the Torah.

Thank you for being here for us knuckle-heads.

Wishing you and your family blessings, joy, and peace.

Your friend.

PS. I had been craving pastrami! It was so good.
